Re: Approval of additional models of the ChemBio LifeShelter under WV Legislative Rule Title 56, Series 4 Emergency Rules Governing Protective Clothing and Equipment

Sirs:

After the evaluation of the documentation submitted and with the recommendation of our technical reviewers the Office of Miner's Health Safety and Training approves ChemBio-Shelter, Inc.'s the LifeShelter™ for use in meeting the Emergency Shelters/Chambers requirements outlined in the West Virginia Emergency Rule Governing Protective Clothing and Equipment, §56-4-8.

In addition to models approved previously LifeShelter™ (model 4054-35) a model with a height of 24 inches (model 2428) and a model 4054 capable of supporting up to 50 miners (model 4054-50) are approved for application in underground mines for use when built and provisioned as designed and providing a minimum of 96 hours life support.

ChemBio-Shelter, Inc. shall, upon request, provide this office with verification of valid orders, delivery dates, and status of delivery as required for this office to enforce §56-4-8.

Any changes required or enhancements to the approved design affecting the ability to meet any provision of §56-4-8 shall require approval of this Office prior to any affected LifeShelter™ being placed into operation.

Sincerely,

A handwritten signature in black ink, appearing to read "Ronald Wooten".

Ronald Wooten  
Director
